**California Assessment of Student Performance and Progress
Summative Assessments
Student Score Report Parent and Guardian**

Dear Parent/Guardian:

This spring, students in grades 3 through 5 took the Smarter Balanced Summative Assessments for English language arts and math. Students in grades 5 and 8 also took the California Science Test.

These tests can be combined with other measures like report card grades, classroom work, and teacher observations to give families and teachers a more complete picture of each child's learning. You can use these results to identify where your child is doing well and where they might need more support. It is important to know that summative test results are not used to determine if a student moves to the next grade level.

*Your child's score report will be available through your portal in [Campus Parent](#).
(Please check the portal for instructions on how to access results.)*

To learn more about your child's scores, go to the Starting Smarter website at <https://www.ca.startingsmarter.org/>. There, you will find information about test results, sample test questions, free resources to support your child's learning, and a guide to prepare for parent-teacher conferences.

If you have questions or concerns about your child's progress, please call the school office to arrange a conference with your child's teacher. If you do not yet have a portal set up, please email Josh Vogelgesang at vogelgesangj@puesd.net for instructions on how to get connected.

**California Assessment of Student Performance and Progress
Summative Assessments
Student Score Report Parent and Guardian**

Estimado padre o tutor:

Este año, durante la primavera, estudiantes de 3º a 8º grado realizó las Evaluaciones sumativas de Smarter Balanced para Lengua y Literatura Inglesa, y Matemáticas. Los estudiantes de 5.º y 8.º grado también realizaron la Evaluación para ciencias de California.

Estos exámenes se pueden combinar con otras medidas como el reporte de calificaciones, el trabajo en el aula y las observaciones de los maestros, para ofrecer a las familias y a los maestros un panorama más completo del progreso del niño/a en su aprendizaje. Puede utilizar los resultados para identificar los aspectos en los que el niño/a va bien y en los que podría necesitar más apoyo. Es importante saber que los resultados de los exámenes sumativos no se usan para determinar si el estudiante pasa al siguiente grado escolar.

Puede consultar el informe de puntaje del niño/a a través del portal para padres, [Campus Parent](#).

Para obtener más información sobre los puntajes del niño/a, visite el sitio web de Starting Smarter, disponible en <https://www.ca.startingsmarter.org/>. Allí encontrará información sobre los resultados de los exámenes, exámenes de práctica, recursos gratuitos para apoyo del niño/a y una guía para preparar las reuniones de padres y maestros.

Si tiene preguntas o inquietudes acerca del progreso de su hijo, comuníquese con la oficina de la escuela para concertar una reunión con el maestro. Si aún no ha configurado un portal, envíe un correo electrónico a Josh Vogelgesang a vogelgesangj@puesd.net para obtener instrucciones sobre cómo conectarse.

Summative English Language Proficiency Assessments for California Student Score Report Parent and Guardian Letter

Estimado padre o tutor:

Este año pasado, durante la primavera, el niño/a a su cargo realizó las Pruebas sumativas del dominio de inglés para California (ELPAC, por sus siglas en inglés) que mide el progreso en el aprendizaje de inglés. Los resultados del examen no se utilizan para determinar si el niño/a pasa al siguiente grado escolar, sino para dar seguimiento a su progreso y determinar cuándo ha dominado el idioma inglés.

Puede consultar el informe de puntaje del niño/a a través del portal para padres, [Campus Parent](#).

Los estudiantes que hablan varios idiomas tienen muchas fortalezas, pero es posible que también necesiten apoyo adicional en el aula cuando aprenden en inglés. El informe de puntaje del niño/a consta de habilidades de lenguaje oral (expresión oral y comprensión auditiva) y lenguaje escrito (lectura y escritura). Puede utilizar dicha información para identificar los aspectos en los que el niño/a va bien y en los que podría necesitar más apoyo.

Para obtener más información sobre los puntajes del niño/a, visite el sitio web de ELPAC Starting Smarter, disponible en <https://elpac.startingsmarter.org/>. Allí encontrará información sobre los resultados de los exámenes, exámenes de práctica, recursos gratuitos para apoyo del niño/a y una guía para preparar las reuniones de padres y maestros.

Si tiene preguntas o inquietudes acerca del progreso del niño/a, comuníquese con la oficina de la escuela para concertar una reunión con el maestro. Summative English Language Proficiency Assessments for California Student Score Report Parent and Guardian Letter

Dear Parent/Guardian:

This spring, your child took the Summative English Language Proficiency Assessments for California (ELPAC) to measure how well they are learning the English language. The test results are not used to determine whether your child moves to the next grade level, but to monitor their progress and determine when they have mastered the English language.

You can access your child's score report through the Infinite Campus parent portal, [Campus Parent](#).

Students who speak multiple languages have many strengths, but they may also need extra support in the classroom while learning in English. Your child's score report consists of Oral Language (Speaking and Listening) and Written Language (Reading and Writing) skills. You can use this information to identify where your child is doing well and where they may need more support.

To learn more about your child's scores, go to the ELPAC Starting Smarter website at <https://elpac.startingsmarter.org/>. There, you will find information about test results, sample test questions, free resources to support your child's learning, and a guide to prepare for parent-teacher conferences.

If you have questions or concerns about your child's progress, please call the school office to arrange a conference with your child's teacher. If you do not yet have a portal set up, please email Josh Vogelgesang at vogelgesangj@puesd.net for instructions on how to get connected.
